

## Experience Matters AmeriCorps VISTA Leader

### About Cities of Service

Cities of Service is a nonprofit organization that helps mayors build stronger cities by changing the way local government and citizens work together. We help coalition cities tap into the knowledge, creativity, and service of their citizens to help identify and solve critical public problems. Cities of Service supports a coalition of more than 260 cities, representing over 73 million people across the Americas and Europe.

With a data-driven focus on creating measurable results, Cities of Service provides counsel, expert technical assistance, and proven resources to city leaders and their staff. We bring coalition members together to share best practices, expand networks, and deepen relationships. We also design and manage competitive grant programs for cities that leverage our expertise in advising and connecting cities.

### About Experience Matters

Cities of Service and its program partner AARP have launched Experience Matters to mobilize volunteers ages 50+ to tackle a driver of poverty related to financial security and youth academic performance. From providing tailored tutoring support to making exterior home improvements, citizen volunteers will be making a difference on poverty and making communities stronger.

Cities of Service awarded each winning city \$25,000 to support the efforts of citizen groups and local nonprofits to fight a driver of poverty through home repairs, financial empowerment, youth academic performance, and business start-ups. In addition, two AmeriCorps VISTA members will serve in each winning city's city hall to build capacity and raise awareness. The program is made possible with support from Bloomberg Philanthropies and AARP.

### Position Overview

Cities of Service is seeking an [AmeriCorps VISTA Leader](#) to be based in our New York City office. The VISTA Leader will offer coaching, professional development and technical
